## **FROM THE PRINCIPAL**

Toys I had when I was growing up: Hot Wheels, GI Joe stuff, footballs, BB gun, football helmet and pads, bike, basketball and hoop...that's about it. Notice anything that is missing? Yep- like many of you, I was **lucky enough** to be raised in the pre-electronics era. But electronics are here and are part of our lives as well as those of our kids and we have to be wise in how we deal with them. For the record, I am not anti-electronics, I love them, but as a wise friend of mine always says, "Everything in moderation." A few thoughts....

### **What are some positives to video games and electronics?**

- They offer a global community; they help users connect with others.
- They provide a platform to learn problem solving and creativity.
- They help widen acceptance of different ethnicities.
- They furnish the satisfaction of accomplishment and progress.
- They can help users learn to read and search for answers.

### **What are some negatives to video games and electronics?**

- While joining a community is positive, social gaming can be toxic. Anonymity allows users to be bigger jerks than they'd be to someone's face. Criticism and bullying are huge.
- Current video games allow users to make weird and destructive choices without showing the downside or consequences to those choices. Violence is just entertainment.
- Fantasy fulfillment takes place with no authority and few guardrails. You can do whatever you want to others and begin assuming its normal.
- Games are addictive. This year, parents sued "Fortnite" for its addictive elements on their son. Video game companies build in addiction mechanics like Las Vegas casinos use to get people hooked.

**In Christ, the community of St. Paul's Lutheran School partners with families to equip children academically and prepare children and families spiritually to witness and serve.**

Please read the following article about screen time and kids. It is very informative, and even better, it is very short!

### **TUITION TAX DEDUCTION**

Thanks to advocacy by WCRIS (WI Council of Religious and Independent Schools), state law continues to allow WI parents to deduct private school tuition on their taxes. Information on this was emailed to all families that paid tuition for 2019. If you paid and did not receive an email, please contact the school office. We can forward you the papers.

### **JANUARY TUITION PAYMENT DUE**

If you signed up at the beginning of the year to make two tuition payments for this school year, the second payment is due by the end of January. Please call the school office if you have any questions. Thank you.

- Please make sure to stay current with your tuition and Extended Care payments.
- Do you know about using the Scrip program? It is a great way to raise funds for our school and all you have to do is purchase gift cards to where you normally shop! Call the Office for details.

## **CHOICE ENROLLMENT**

**Enrollment in the Choice Program (Milwaukee and Wisconsin) begins February 1<sup>st</sup> for the 2020-2021 School Year. If you have any questions about the Choice program, please contact the school office.**

### **CHOICE MEETINGS**

As most of you know, St. Paul's participates in the Wisconsin Parent Choice Program and the Milwaukee Parent Choice Program. One of the stipulations of the Choice Program is to hold two meetings per school year to meet with all families to answer any questions about the Choice Program, get any information about the Choice Program, and learn about the Choice Program. Our first meeting this school year was held on November 21<sup>st</sup>. The second meeting is set for February 20<sup>th</sup>. School Board members will be available to answer any of your questions. This meeting is for all of our families, not only families who are in the Choice Program this year or may be in the Choice Program in future years. Please come to our meetings if you would like to learn more about the two Choice Programs in which St. Paul's participates.

## **FROM THE PASTOR**

Dear friends and families of St. Paul's,

I pray that you are doing well here, at the beginning of 2020. It is a pleasure to be your pastor and lead you into a new decade!

There's been something on my mind that I'd like to share with you and it is this: I am easily distracted. I feel like I have so much going on in life, with family, in the workplace, in the media, communication with people, and so forth. It's easy to lose sight of what is really important and priorities can change. The 21st century makes it easy to become distracted I believe. I constantly need reminders and need to be called back into focus.

Life pulls us in many directions and it is easy to feel stretched. Do you ever feel this way?

In this week's Gospel reading Jesus calls his first disciples to a brand new and focused life. In Matthew chapter four, Jesus speaks two words: "Follow me" and Peter and Andrew, and James and John leave EVERYTHING to follow Jesus. This is a great reminder to me. As a disciple of Jesus, there will be times where I need to drop it all and focus on Christ and where he is leading me. Where are you distracted and need to be more focused with your relationship with your Heavenly Father? Maybe work is a distraction. Maybe the news station is a distraction. Maybe the NFL playoffs are a distraction. But when we think about it, many of our distractions lead to hopeless places. But Jesus, is the light in our darkness who leads us into eternal life! Join me this week and this month following the light of the world!

Your fellow servant,

Pastor Noah Kegley
