## "Making Disciples For Life" *Matthew 28:19-20*

January 27, 2023

Dear Parents and Guardians of St. Paul's,

Greetings to you in the name of our Lord and Savior Jesus Christ. St. Paul's is always very thankful when we can receive outside sources of funding to enhance our educational program. Those funding sources arrive from a variety of donors. One such "donor" is Title funds. This is a federal program that allows students in non-public schools to receive special services and allocates funds to schools for other resources. These funds are used for student support services and educational resources we normally would not be able to fund. We are enrolled in the West Allis West Milwaukee School District Title Service program as well as the Milwaukee Public School Title Service program.

How do we do receive funding from these sources? This is the reason for this letter and the **Household Income Form**. The way in which Title funds are allocated to schools is based on the income of the families living in a particular area and attending a given school. So, for St. Paul's to receive Title funds, we need to gather financial information from our families. Please fill out the attached **Household Income Form** and **return it with your registration papers** in a sealed envelope, or to Mr. Burkee via email.

This information will be kept confidential, only to be used in determining Title funding and services available at St. Paul's. By filling out and returning the attached form, it does not mean that your child will, or should receive Title services, it just helps the school districts allocate funds and services to St. Paul's based on the financial situation of our families.

Thank you for your assistance and support as we continue to explore ways and obtain the funds needed to help our students and their families. If you have any questions about this, please don't hesitate to contact me.

Yours in Christ,

Jack Burkee, Principal  
principal@splcwa.org
